How to order for breast cancer patients

Confirm all criteria and select **Integrated BRACAnalysis with MyRisk®**

Put the **test request form and sample** (blood or saliva) in the FedEx package

Place a **pink STAT sticker** on the outside of the FedEx package and ship

Your full MyRisk report will be expedited to arrive in **5-12 days**
Qualification checklist
Confirm your patient meets their payer’s clinical criteria

Payer criteria

► Most commercial payers follow ASBrS guidelines
  • All patients with a personal history or diagnosis
    of breast cancer are eligible for genetic testing.¹

► Most government payers follow NCCN Clinical
  Practice Guidelines In Oncology (NCCN Guidelines®)²

  Patients are eligible for genetic testing if they are:
  • Diagnosed at age 50 or younger
  • Diagnosed with a high-risk breast cancer at any age
  • Diagnosed with breast cancer and have cancer history in their family

Don’t forget:

✔ Select Integrated BRACAnalysis with MyRisk on TRF
✔ Place STAT label on FedEx package
✔ Your full report will arrive within 5-12 days

ASBrS=American Society of Breast Surgeons; NCCN=National Comprehensive Cancer Network® (NCCN®);
TRF=test request form.
